**General Comments**

In performing the transportation of the S-wire, ABF utilized the following equipment:

Ford F-150

Small (Propane Powered) forklift. Note: The Forklift was rented from Hertz Rental Equipment, located adjacent the the warehouse where the wire is stored.

Equipment ID has not been provided in Extra Work Bill No. 10523. The work was intermittent. No inspection was performed.

2nd November 2010

The Work covered in this diary was agreed with ABF prior to being undertaken. The transportation of the wire was performed due to the pending demonstration for securing the S-wrapping wire with the use of the Cadweld welding system.

The performance of this work was intermittent and was not witnessed by any inspectors. This diary has been generated to validate payment for ABF Extra Work Order #10523, which was agreed upon prior to its performance.
